

# PRELIMINARY PROGRAM

# Spine Surgery Course

Clinical Course  
- Part 3 -

**THORACOLUMBAR  
SPINE**  
(Efficient Decompression  
Tips and Tricks &  
Posterior Instrumentation)

Department of Neurosurgery  
Saarland University Medical Center  
Homburg-Saar / Germany

May 18 - 20, 2022

Dear colleagues,

the response to our courses was overwhelming. Thanks to a sophisticated hygiene concept and the adaptation to the difficult situation in the last year, we were able to carry out a workshop in May 2021. Therefore, I am now very proud and delighted to announce the Part 3 of our Spine course in May 2022.

The workshop will take place again at the Institute of Anatomy at the Saarland University Medical Center. This hands-on cadaver course is focused on the currently most important available techniques in thoracolumbar junction and lumbar spine surgery.

Since the health of our guests is most important to us, we will take all necessary and possible precautions for your safety.

We are looking forward to welcoming you in Homburg-Saar.

Sincerely yours,

*Joachim Dertel*

Prof. Dr. med. Joachim DERTEL

# PRELIMINARY PROGRAM

WEDNESDAY, MAY 18<sup>TH</sup>, 2022

17:30	Tutorial for the Tutors	Anatomy
18:30	Registration & Welcome	
19:00	Lectures	
19:30	Get together	

THURSDAY, MAY 19<sup>TH</sup>, 2022

07:45	Registration & Welcome	
08:10	Lectures	Lecture hall
09:00	<b>LIVE SURGERY</b>	Lecture hall
